- The Great Southern Reef is home to the Giant Australian Cuttlefish.
- 12 million tonnes of plastic enter the ocean every year, with the most coming from everyday items from land.
- Cuttlefish are masters of disguise meaning they can change the colour and texture of their skin.
- Cuttlefish are Cephalopods so they are related to squid and octopus. They also have 3 hearts and blue blood!
- In Kurna language, the word for fire stick is Kardla Kuru.
