

Porci's Ocean Patrol Activity Sheet

Sand Dunes - Comprehension Solutions (level 2)

1. When humans built on top of the sand, what did it effect?

It disturbed the natural flow of the sand.

2. How are the plants helpful for the sand dunes?

The plants use their roots to stand strong and keep the sand safe from big waves and gusty winds.

3. Can you list 2 other animals that may be hiding in the sand dunes:

Any 2 of the below:

- **Lizards catching insects**
- **Birds singing**
- **Snakes having a snooze**

4. What are 2 ways in which we can help protect our sand dunes:

Any 2 of the below:

- **Walk on pathways**
- **Follow signs**
- **Join local groups helping with dune revegetation**

Finish these Sentences:

5. We do not want to walk on the sand dunes as we want those plants to stay **strong and protect the dunes.**

6. The sand dunes stop our beaches from **disappearing.**
