

# Porci's Ocean Patrol Activity Sheet

Can you write an acrostic poem about the Australian Sea Lion? For each letter use a describing word or sentence about our beautiful marine mammal friends. We've given you some ideas below!

Australian sea lions have silky, smooth fur, and live in Southern Australia on offshore islands. They love to eat fish, octopus, squid, and sometimes small sharks. They have ear flaps and long whiskers. They are an endangered species, which means there are not many left. Sometimes they can get caught in fishing nets. Sea lion mums always go back to the same place they were born to look after their pups.
